Billy Treder – Bridges

This spring Billy Treder pointed out that the HYSpy viewer on the bridge really needed some TLC. I was not even aware that it existed. After trying to get into the machine for a couple days, we finally found the keys and figured it out. After opening the machine we found that it was overflowing with money. The machine was also not working at all. Citizens were placing money in it without getting to actually use it.

Thanks to Bill Treders initiative and attention to detail the machine is now working and we have \$514.12 in quarters collected from the Hy SPY viewer on the 8th street Bridge. Great job Billy for pointing out the lack of maintenance that the viewer was receiving. It really "PAID" off. Apparently it has not been checked for a long time.

This money and future money collected here will be saved for restoration and maintenance for the viewer in the future.
