RE: Erosion Control Authority

Dear Mr. Kosarzycki,

In accordance with Section 2.4.1.1.3 of the City of Manitowoc's WPDES Municipal Separate Storm Sewer System (MS4) General Permit No. WI-S050075-1, the City is requesting authority to regulate erosion control at public buildings and places of employment pursuant to s. 101.1205(4), Wis. Stats.

The City of Manitowoc Engineering Department is requesting authority to regulate erosion control at public buildings and places of employment beginning April 11, 2008. Stormwater Aide, Janet Sosnosky, will be the agent for these matters. Ms. Sosnosky has been actively enforcing the City's Construction Site Erosion Control Ordinance (Chapter 29) since January 2005. She continues to attend erosion control training workshops as they become available.

The City's erosion control ordinance has been in effect since July 2003. I have attached a copy of the City's *Construction Site Erosion Control Ordinance* for your information.

Please feel free to contact me at (920) 686-6910, if you have any questions regarding this matter.

Sincerely,

Valerie Mellon, P.E.
Director of Public Works and City Engineer

Enc. Chapter 29 – Construction Site Erosion Control Ordinance
