

Erosion Control Application Checklist

Project Name: _____

Permit # _____

Date: _____

Please check the appropriate box: I=Included; NA= Non-Applicable(if NA is checked, an explanation is needed)

Plan Requirements	Applicant			Engineering	
	I	NA	Explanation/Location in Plan	I	NA
Existing Site Map					
1. Site boundaries and adjacent lands					
2. Lakes, streams, wetlands, channels, ditches and other water courses on the site and adjacent lands.					
3. Location of the 100-year floodplain including flood fringe, floodway and flood stroage.					
4. Location and general identificaiton of the vegetative cover.					
5. Location and dimension of on and off-site stormwater drainage systems and natural drainage patterns on and immediatly adjacent to the site, and the size, slope and land cover of the up slope drainage areas.					
6. Location and dimensions of utilities, structures, roadways, highways, and paving					
7. Site topography at a contour interval not to exceed two feet, except that for slopes greater than 20% a five foot countour is acceptable.					
8. Location of the predominant soil types.					
Site Construction Plan					
1. Location of all proposed land disturbing activities or land developing activities					
2. Locations and dimensions of all site erosion control measures.					
3. A written statement on the face of the plan to maintain site erosion control measures during construciton.					
4. Temporary seeding and/or mulching measures during the project time frame and final vegetation or other ground cover plan at the end of the project.					
5. Location of on-site soil stockpiles.					
Final Site Plan					
1. Plan of final site conditions.
