Discussions took place regarding the proposed mission and vision statements by the Strategic Planning Committee. The Alderpersons at the meeting wanted more specific details in the statements for the City of Manitowoc. Suggestions were to promote a specific percentage of growth and development; develop and expand services and improve infrastructure. The Strategic Planning Committee offered a copy of the results obtained by the focus groups and instructed the Alderpersons that it was recommended by the hired facilitator to keep the mission and vision statements broad and to build off the statements in the future. The group will meet to discuss again.
