D. Soeldner said he wanted to discuss the vision triangle as a constituent in his neighborhood received a complaint about a bush on his corner lot causing visual restrictions. He said that this area is a lightly traveled area and thought it might be a good idea to review the Ordinance regarding the visual triangle at a future meeting.

D. Koski said the LPI Committee would need to be involved with future discussions and Ordinance changes. The Committee recommended looking into what other policies are enforced in other surrounding cities and bringing back to a future meeting.
