

Waldo Blvd (US 10 & STH 42) Project 14th Street – Maritime Drive

Construction Update Meeting
March 26, 2019

Project Information

The project includes:

- Construction of a new 4 leg roundabout at Waldo Blvd and Maritime Drive
- Replacement of railing in Little Manitowoc River bridge
- Reconstruction of entire roadway including sidewalks
- Replacement of most of water main, sanitary sewer and storm sewer
- Realignment of Menasha Ave

Construction Schedule

This project is scheduled to begin on or after April 8, 2019 and finish up in November 2019. Work for the 2019 season will extend from Maritime Drive to 14th Street. Construction will start near the roundabout and proceed to the west. The first closure will be from 8th street to Maritime Drive. Work from 14th Street to CTH R will happen in the 2020 construction season.

Traffic Control

USH 10 East

- USH 10 east will be detoured at junction of IH 43 and USH 151. Detour will follow USH 151 east to the junction of USH 151 and USH 10.

USH 10 West

- USH 10 west will be detoured at junction of USH 151 and USH 10. USH 10 West will follow USH 151 west to IH 43, north on IH 43 to USH 10 west.

STH 42 East

- STH 42 east will be detoured at the junction of IH 43 and STH 42. STH 42 east will follow IH 43 north to STH 310, east on STH 310 to STH 42.

STH 42 West

- STH 42 west will be detoured at the junction of STH 310 and STH 42. STH 42 west will follow STH 310 west to IH 43, south on IH 43 to STH 42.

Project Website

A project website has been created to provide information on the project. As construction approaches, information will be placed on this website to provide information for field office location, field office phone number, and contact information for on-site field personnel.

Business Signing

Temporary business signing may be placed during the detoured portion of the project. All temporary business signing must be approved through WisDOT. Temporary Business Sign permits are available at this meeting or can be requested from and returned to Brian Haen, Project Manager.

Please keep the following items in mind regarding business signing:

- Temporary business signing cannot be placed on traffic control devices or state signs. Business signs attached to these devices will be removed.
- It is encouraged that businesses team up to have multiple businesses advertised on one sign structure versus several individual signs. This makes it easier for travelers to identify signs and find their destination.

Business Resources

In addition to the temporary business signing, WisDOT has resources available through its "In This Together" website to assist businesses with planning for construction closures and to minimize the impact of construction.
